

# Catherine Caliwig

2025 Gala Co-Host

Hello! My name is Catherine Caliwig, an enthusiastic and driven Grade 11 student at Dartmouth High School. I am thrilled to be one of the hosts for the 32nd Annual Nova Scotia Business Hall of Fame, and I'm excited to share my journey with you.

Over the past year, I've had the privilege of being a part of Junior Achievement, where I gained invaluable skills in leadership, teamwork, and resilience. My entrepreneurial journey began with Feeling Felt, an environmentally friendly Nova Scotia-based embroidery business, and has been an incredibly rewarding experience.

My passion for leadership and continuous learning has driven me to explore both STEM and entrepreneurship. I'm proud to be a SHAD Canada alumna, an avid Enviorthon participant, and a Techsploration alumna. I've also received three consecutive Student of the Month awards and have consistently been on the Principal's List at Dartmouth High School. Additionally, I am honored to be one of the three candidates selected for JA's 2025 Camp Success program!

While I am deeply interested in pursuing a career in engineering, Junior Achievement has taught me to stay open-minded and flexible in my career choices. It has broadened my horizons, introduced me to diverse industries, and provided countless networking opportunities that I truly value.

Thank you for your time.
